**Million Dollar Reagents**

**James Hoberg, PhD**
Director of Business Development and Licensing
MilliporeSigma

James Hoberg will explain in detail how MilliporeSigma successfully commercializes non-patented technologies from academic institutions. In his current role at MilliporeSigma, he is responsible for identifying and licensing new technologies in the life sciences area. Previously, he was a Business Development Associate at the Harvard Office of Technology Development, where he worked with university faculty in commercializing their inventions. Hoberg also worked briefly at Quest Diagnostics in their Athena Division as a Business Development Director. He has a PhD in Biochemistry from the University of Virginia.
