

Methodist Pathology Associates (MPA), Houston, Texas, is seeking a full-time AP/CP Board-certified pathologist with broad general expertise and experience. Subspecialty training in surgical pathology, cytopathology or other subspecialty areas in anatomic or clinical pathology is desired. MPA is the exclusive provider of pathology services for the Houston Methodist Hospital System (HMHS) which has seven hospitals (approximately 2,000 beds) in the Houston area: Houston Methodist Hospital, Houston Methodist Sugar Land Hospital, Houston Methodist Willowbrook Hospital, Methodist West Houston Hospital, Houston Methodist St. Catherine Hospital, San Jacinto Methodist Hospital, and Houston Methodist St. John Hospital. An eighth hospital (Methodist The Woodlands Hospital) will open in June, 2017. HMHS is experiencing an unprecedented period of growth and service expansion. This position is based at one or more of our outlying hospitals.

The successful candidate must be committed to excellence in patient care, and have a Texas medical license. The individual will be part of a large, very collegial pathology group practice that provides outstanding diagnostic services to all hospitals in HMHS. Houston Methodist Hospital has an ACGME-accredited AP/CP residency program, and eleven accredited fellowships. The successful candidate will have a proven track record of providing outstanding diagnostic service, and working very effectively with departmental colleagues and other medical staff members, laboratory technical personnel, and hospital administration. HMHS has a primary academic affiliation with Weill Cornell Medical College, and the successful candidate may be eligible for a faculty appointment. Opportunities exist for optional collaborative research interactions and other academic endeavors. A competitive salary with excellent benefits is offered, and assistance with relocation can be provided. The position is available immediately.

Interested candidates should email their CVs, and names and contact information of three professional references to James M. Musser, M.D., Ph.D., c/o Liz Al-Ateeqi (liza@houstonmethodist.org), Department of Pathology and Genomic Medicine, Houston Methodist Hospital, 6565 Fannin Street, Houston, Texas 77030.

Our success as an organization is due to the diversity of our team. We are an Equal Opportunity Employer.
